Re: Docket 99P-003/CP1

Dear Ms. Haney:

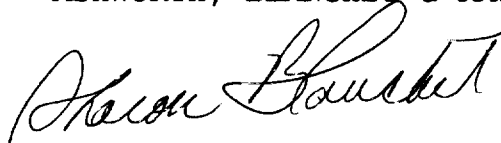

As a registered voter and a concerned citizen, I am writing you this letter to ask you to demand that the FDA stop the feeding of dead animals to live farm animals. I believe whole-heartedly that we are effected by the food that we eat. When humans are consuming other animals that have eaten other dead animals, it can only lead to illness in humans.

Because of my belief, I have chosen to be a vegetarian. However, millions of United States citizens still eat farm animals that are raised for slaughter. These farm animals should not be feed other dead animals. They also should be treated humanly, but that is another issue.

I urge you as one of the protectors of the citizens of the United States, stop the feeding of dead animals to farm animals.

Best regards,

ASHWORTH, BLANCHET & RAYA
